

Having designed the Henrietta Road Shawl (named after a road in a beautiful old suburb of Johannesburg), I decided that the suburb itself needed its very own shawl. Many an evening found us talking and laughing on the verandah and as the sun went down and the air grew chilly, this would have been the perfect shawl to throw around my shoulders.

I hope you enjoy this pattern but if you have any queries or comments, please let me know on Ravelry ([luluknits](#)) or email me at luluknits@gmail.com.

Happy knitting.....

what you need:

Needles: 4mm
Yarn: 335m (363 yards) Vinnis Serina (100% bamboo, 4 ply/sport)
Gauge: 26sts to 30 rows = 10cm
Size: span = 150cm / depth = 30cm

abbreviations:

K2tog	knit two together
K2togL	knit together the next st with the next "live" stitch from your shawl

the pattern:**main body:**

Cast on 8sts.

Next row: K2, kfb, k to last 3 sts, kfb, k2

Repeat until you have 216 sts.

border:

With WS facing and using the first stitch on your needle, cast on a further 15sts at the beginning of the row. DO NOT WORK THE ROW.

With WS still facing, K14 then knit together the last stitch from your new cast on stitches and the first “live” stitch on your shawl. This is now referred to as KtogL (see abbreviations above).

Turn your work and work back across the new cast on stitches as follows:

- 1st row:** K5, (yo, K2tog) 4 times, yo, K2 (16sts)
- 2nd row:** K15, knit together next stitch with next stitch of shawl
