

Silver Moon Earrings

Netting stitch technique

These lovely netting stitch earrings can be made in many different color combinations.
The earrings measure 1.4 inches in height and 1.0 inches in width WITHOUT the ear wires.

To make two earrings you will need the following items:

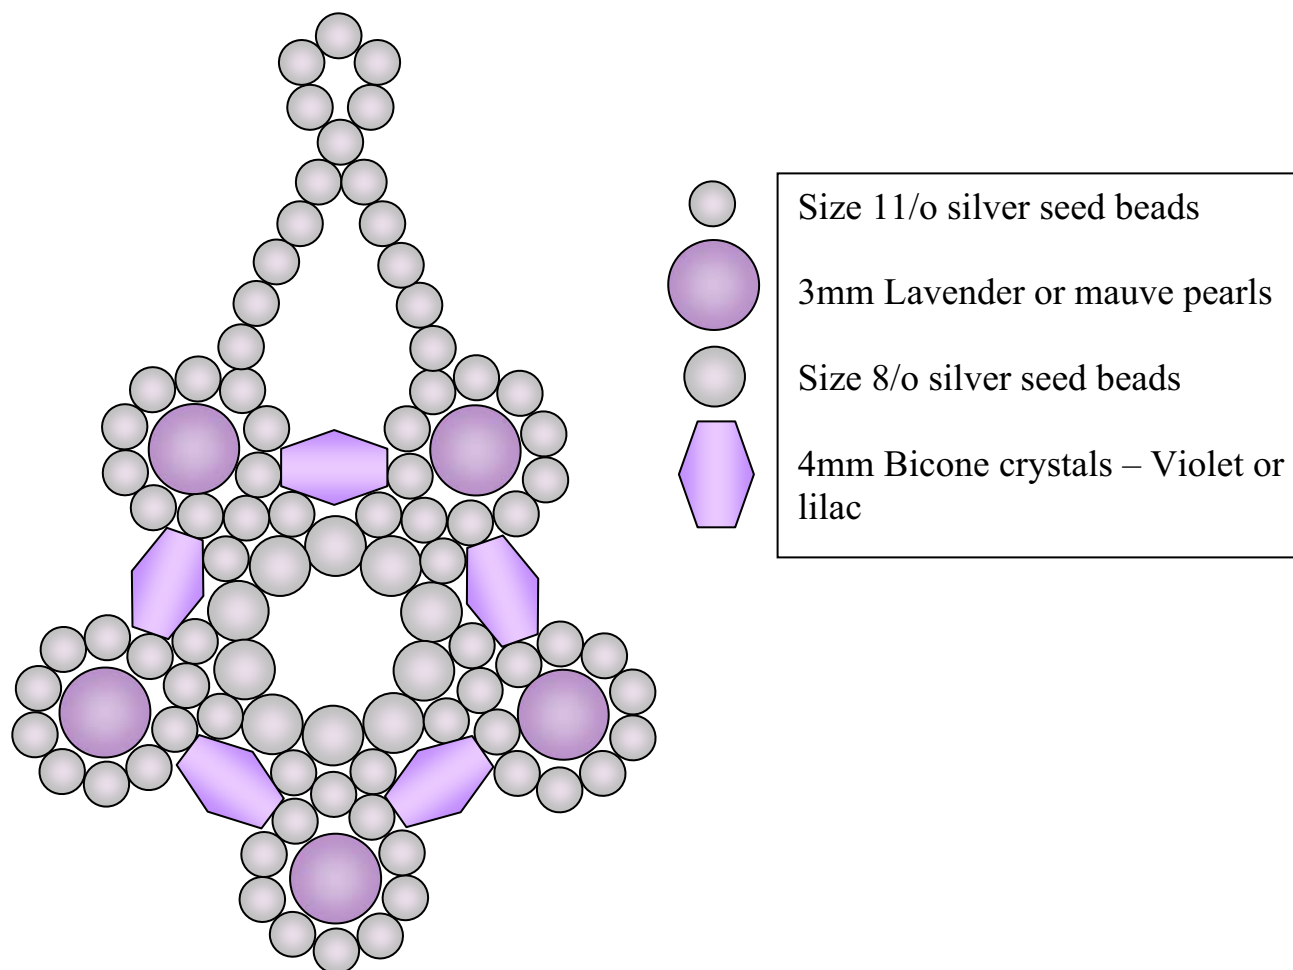

- 10 x 4mm Swarovski bicones – Lilac OR violet – www.artbeads.com
- 10 x 3mm Swarovski pearls – Lavender OR mauve www.artbeads.com
- 20 x 8/o seed beads – Toho permanent galvanized silver – www.cbbeads.com
- 160 (1 gram) x 11/o seed beads – Toho permanent galvanized silver – www.cbbeads.com
- 2 x silver plated ear wires – www.firemountaingems.com
- 4lb or 6lb crystal Fireline – www.firemountaingems.com

PLEASE DO NOT COPY, SELL OR DISTRIBUTE THE DESIGN FILE.

Silver Moon Earrings - layout diagram

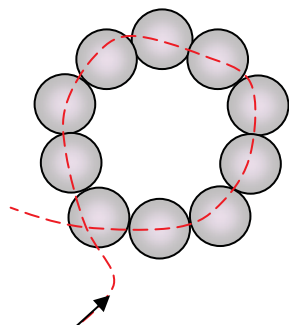

This pattern has been divided into steps with diagrams and text instructions. You will notice that some areas of the diagrams are shaded light and some areas are shaded dark. The light areas show beadwork that has already been stitched. The dark areas show beadwork that still has to be stitched. The pattern instruction code is:

Pearls – P

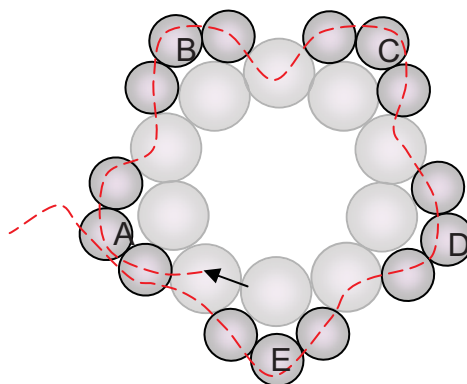

Lilac crystals – L crystals

Seed beads - seeds

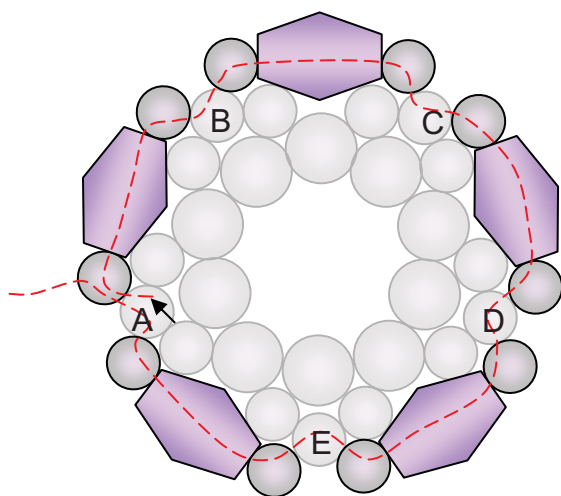

Silver Moon Earrings

Step 1 – KEEP TENSION TIGHT
Begin with 1.5 yards of thread.
Pick up 10 size 8/o seeds. Go into the first size 8/o seed again to form a circle.

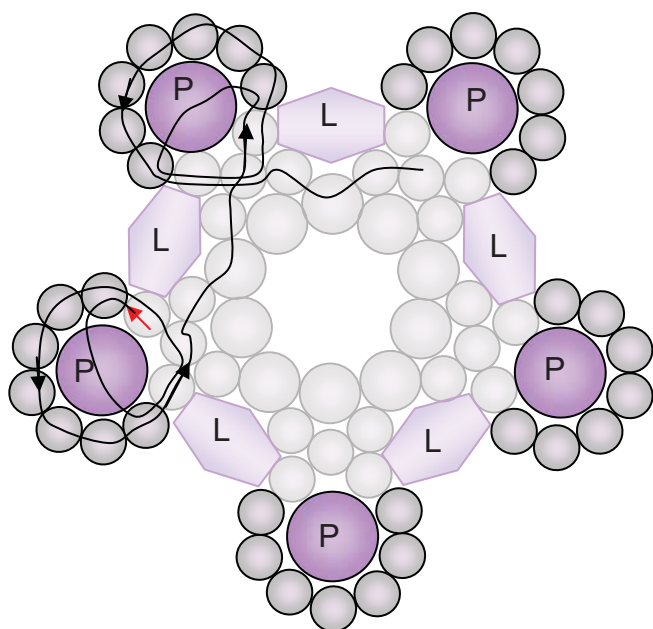

Step 2
Pick up 3 size 11/o seeds, skip 1 size 8/o seed, go into the next 8/o. Repeat 4 more times, then go into the first 2 size 11/o seeds picked up.

Step 3
Pick up 1 size 11/o seed, 1 L crystal and one size 11/o seed. Go into the size 11/o seed marked B from the previous round. Pick up 1 size 11/o seed, 1 L crystal and 1 size 11/o seed. Go into the next seed marked C from the previous round. Continue around until you have 5 L crystals.
Exit the first 11/o seed bead from this round.

Silver Moon Earrings

Step 4

Follow the thread path in the diagram

*Pick up 1 size 11/o seed, 1 P, 1 size 11/o seed. Go backwards into the 11/o seed next to the previous L crystal. Go through the next two 11/o seeds and up into the 1st size 11/o seed picked up.

Pick up 5 size 11/o seeds and go backwards into the 1st size 11/o seed next to the P just picked up.

Go through the next 3 size 11/o seeds, the size 8/o seed underneath the next L crystal and through the next 3 size 11 seeds.

You will exit the size 11/o seed next to the next L crystal*. Repeat *to* 4 more times.

Step 5

Weave through the earring and exit the 3rd size 11/o seed from the L crystal. Pick up 11 size 11/o seeds. Go down into the 6th size 11/o seed picked up to make a loop for your ear wire.

Pick up 5 size 11/o seeds and go down into the 3rd size 11/o on the other side of the L crystal.

Go through the L crystal and repeat the thread path to reinforce. Weave in all loose threads and add your ear wire.
