

# Les Hauts de Tousquiron

## Presentation and Philosophy :

*"Our vines are located in the communes of JAU-DIGNAC -LOIRAC in the northern part of the Médoc, near the place called" Tousquiron ". These are 10 hectares of vines in one piece, separated only by the passage of a small road. They are located, essentially, on a raised butte of ten meters. That's why we named our wine "LES HAUTS DE TOUSQUIRON",*

*Our vineyard is contiguous with vines participating in the "La Goulée" produced by Cos d'Estournel.*

*"Enthusiasts of oenology, we started in 2006 in the wine world when arriving on the Domain. For us, wine is a great French tradition and it belongs fully to our heritage with notions of terroir and vintages that almost all countries envy us. My style is above all dominated by the notion of pleasure "*

## The wines of the winery:

- **Les Hauts de Tousquiron :** *"Frank, generous, round, generous red fruit hints, generous spice hints, slight oak hints, smooth tannin, smooth tannin, round, structured body, good intensity, good length. "»*
- Our Médoc has the particularity of having 45% of Merlot from vines aged 40 which bring the fruity and roundness that make the wine quickly pleasant to tasting.
- The aging lasts 15 to 18 months in oak barrels with only 15 to 20% of new wood

## Our Wines

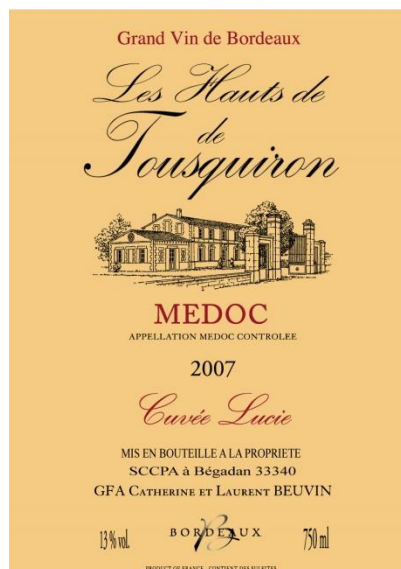

- AOP Médoc les Hauts de Tousquiron

(Merlot 45%, Cabernet Sauvignon 47%, Cabernet Franc 5% et Petit Verdot 3%)
