

Domaine La Garelle

Presentation and Philosophy :

The estate La Garelle extends over 30 ha, between the villages of Oppède and Ménerbes, classified one of the most beautiful villages in France. It is a particular soil, limestone, sandy and stony, on which the vine was already cultivated in the Gallo-Roman era. The Domaine La Garelle produces red, white and rosé Côtes du Luberon and Pays de Vaucluse wines. Domaine La Garelle is anxious to maintain its exceptional environment. For this, several measures have been taken or are in progress:

- Groves, woods and hedges that frame our vineyard and its various parcels to promote the maintenance of a diverse flora and fauna in the proximity of our vineyards
- organic fertilizer + permanent weeding 1 row out of 2 for living soil + mechanical weeding + Solar energy production sufficient to be autonomous
- Bio conversion launched in 2-3 years
- Our philosophy: make the most of each parcel !

The wines of the winery (Selection) :

- **Cuvée du Solstice Red:** "Nose: notes of red fruits (blackberry). Palate: dominant fruity, ripe, cherry and spices."
- **Cuvée du Solstice Rosé :** "The bouquet blossoms fully on the treat, the small red berries with a dominant strawberry of the woods. At the end of the mouth, the aromas of caramel milk take over. "
- **Cuvée du Solstice White :** "Aromas of exotic fruits, honey. Palate: apricot, pineapple, then aromas of toast, vanilla, finish on notes of roasting."
- **Reserve:** "Violet and cherry with smoky and spicy notes. Palate: wild fruits (blackberries, blackcurrant), cherry cherry, and vanilla aromas, smoky and spicy notes (pepper) .. »
- **Chardonnay-Vermentino :** "A frank mouth that combines freshness and roundness on aromas of citrus, vanilla pod, before concluding on a lingering and lemony finish."

Our Wines

- IGP de Vaucluse Chardonnay-Vermentino
- IGP de Vaucluse Viognier
- AOP Luberon La Cuvée du Solstice White
